## BAND CAMP REMINDER (EARLY SUMMER) Second Reminder

**Commitment Forms:** We have collected many of the commitment forms but are still needing a few from a couple of families. If your family still needs to turn in a form a separate email will be going out as well. This document serves as the permission forms, gathers necessary student information and guarantees them a spot on the field

Marching season and band camp is now in the planning process. It is extremely important to have an accurate count since drill design for the show will begin in the early summer. Attendance and full participation in camp is expected from every band member since great effort, time and planning go into producing the show. If there is a problem with dates, communication with the band directors must happen well in advance. It is not right for a member to march a spot in the drill that was not at camp versus a member who already made the full effort.

Planning and designing a show takes a lot of time, effort and money. Drill and Music and customized specifically for the exact number of students in our band. In addition to the show design, instrument staff are also hired at a great expense to make the best possible camp for the students.

Please remember that hydration is extremely important. Student should drink water the night before any rehearsal and bring a water bottle with them. Students will also need to bring a lunch, sunblock and athletic shoes and socks each day

### DATES

**FRESHMEN CAMP**      **July 26th 9:00-12:00 @Coopersville High School**
